About US

Buymec Exports is an ISO 9001:2015 certified company located in Pune, India. We are a merchant export company established in 2002, catering to OEMs and tier-1 vendors of OEMs for their engineering goods requirements for more than 18 years.

Currently we are exporting to our esteemed clients in USA, and aim to expand our reach to other regions. We deal in all kinds of manufacturing processes and have tie-ups with ISO / IATF certified suppliers for procurement of goods.

Our Capabilities

Being Merchant Exporter allows us to deal in all kinds of processes.

We support our customer requirements across processes in the industry –

Casting, Forging, Machining, Extrusion and many more

We can provide parts in standard material as well as custom alloys.

We are currently providing small parts weighing in few grams like nuts, screws, fasteners, also niche components like wave springs to big, heavy components upto 100 kg and more in casting and forgings.

We are also adding new segments like Rubber, Plastics and Polymers; and Specialized packaging material.

Tie –up Facilities

Forging

- Ranging from 100 gm to 130 kg
- Wide range of components and material composition
- In-house heat treatment
- In-house machining

Casting

- Sand Casting : Ferrous / Non-Ferrous – 300 gm to 140 kg
- Investment Casting - 20 gm to 60 kg
- Aluminium – Pressure and Gravity die casting

Tie –up Facilities

Machining

- Wide variety of machines – CNC / VMC / Broach / Single-Spindle Automat / Gear-Cutting / Deep Drawn
- Super-finishing processes – Honing, Lapping, Burnishing, Buffing
- Surface treatment – Phosphating, Plating, Anodizing, Powder Coating
- All sizes and material compositions

Tie –up Facilities

Stamping / Pressing

- Washers in various size and material
 - Metal / Rubber / Plastic
- Fabrication and Sheet Metal Components
- Oil seals and Gaskets

Springs and Fasteners

- Torsion, Conical, Wave, Compression, R springs
- Rivets / Nuts / Bolts / Screws in various sizes and material

Additional Services

We can support you in many ways for your export to India –

- Warehousing of your goods in India
- Cleaning, Testing, Packaging, Transportation of goods in India
- Reworking of parts or scrapping of rejected material

Availing these services in India is normally much cheaper for our customers as compared to the cost in their home country

Our Team

We at Buymec take pride in ability of our team to handle all aspects of development and export the same to our customers without hassle.

We have on board

- Directors proficient In Technical and Finance domain
- Expert Engineers and Consultants to understand customer requirement and work with our vendors to ensure delivery of quality products to our customers.
- Competent office staff to take care of all export documentation and legal compliances.
